March 2, 2022

Dear Franklin County Property Owners,

As of January 1<sup>st</sup> of this year, our office went live with a new CAMA system provided by GSA. This upgrade has been long overdue as we have been on the old CAMA system for over 35 years. Our new Company is based in Florida, which is a bonus for us as our old system was based in Minnesota. As with any new upgrades, we do have some things that are NOT a smooth transition! For example; some of the sketches of our buildings have not transferred over but very soon will be corrected. Please be patient with us during this time, but if you see something on my website that you think is incorrect, please let us know as we truly want to serve the property owners in a most efficient way. Working together to make Franklin County truly paradise.

Sincerely,

  
Rhonda Millender Skipper
